### LAYOUT DEVELOPMENTS

The extensions to Lakeside are now underway.

Final layout plans have been determined and the laying of track has commenced.

On-going work by Jeff Kohler, John Cutler, Ron Weeden and numerous assistants is greatly appreciated.

The club has purchased all necessary points, point motors, additional cork and other items required to complete the track laying.

John Cutler is working like a trojan in preparing the required wiring for the extension and in his spare time has been able to modify the existing Lakeside layout with the installation of

automatic alarms on the level crossing and an active fire place at the camp site in the hills behind the town. **Well Done!**

## FUND RAISING

Apart from membership subscriptions, the major sources of fundraising are: the occasional Bunnings Sausage Sizzle and Revenue from Swap Meets and Exhibitions. The weekly dibs help with some of the minor expenses.

The swap meet on the 14<sup>th</sup>. April 2019 was successful and delivered reasonable revenue for the club. Returns were less than the previous meet but are still considered to be acceptable.

**The club also has some quality merchandise for sale. Club Logo pens and Computer Mouse Pads. Pens \$4.00 and Mouse Pads \$6.00.**

## REPAIRS TO THE CLUB ROOMS

The repairs for the roof of the clubrooms now been completed. It was amazing to see the great difference in the amount of light entering the clubrooms once the panels were replaced.

Work to be carried out to tidy up the vent ports on the inner ceiling of the roof.
