Lakeside on Display at Milang.

23rd. and 24th. November 2019

Unfortunately, there was some confusion regarding a lack of an invitation to participate in the Milang Exhibition. The club did not receive a formal invitation and when this was discovered it was not possible to find the space for us to attend at such short notice.

As a result, this activity has been cancelled. This will however enable the club to continue work on the extensions to Lakeside.

LAYOUT DEVELOPMENTS

Lakeside extension is proceeding a quite a rapid rate. John Cutler and his assistants are well involved in the wiring side of things.

Track has been laid and the weathering of rail edges has been carried out. The creation of scenery is about to commence.

A great effort by all of those involved in the work!

FUND RAISING

Apart from membership subscriptions, the major sources of fundraising are: the occasional Bunnings Sausage Sizzle and Revenue from Swap Meets and Exhibitions. The weekly dibs help with some of the minor expenses.

Remember, if you can assist in volunteering for some of these club activities it helps to make the club a better place and eases some of the pressure on those members who contribute on a continual basis.

The club also has some quality merchandise for sale. Club Logo pens and Computer Mouse Pads. Pens \$4.00 and Mouse Pads \$6.00.

VIDEO LIBRARY

The efforts of former club member Vic Tilling in providing a great selection of videos that show both of our layouts are greatly appreciated.

A selection is displayed on the club Web Site.

Vic also has his own Web Site

www.videowombat.net

This site provides links to Vic's YouTube videos of both model railways and general Train videos.
